"We've been reading Music Connection magazine regularly for a long time now; the most reliable music trade magazine that bridges the gap between indie needs and industry resources, way before it was trendy to be indie. From live show reviews to album critiques, we are always proud to say that MC has been a huge supporter of Parlor Social's cutting-edge "speakeasy-soul" music. Their desire to cater to all levels of music folks within the trade has helped them create their own lane and maintain the respect of our peers. A must-read to stay in the know."

**Why struggle to find the right word when you
can have all the possibilities in an instant?**

It's a magical moment when a song is born. Having a great melody is essential, but what you say and how you say it can be the difference between a good song and a great song.

While a computer program cannot compete with the mind and heart of a songwriter, the mind cannot compete with the word choices and rhymes that MasterWriter will give you in an instant.

When the two work together, great things happen...
